

Acrobat Panel 12"

Finally True Flexibility for Any Task

Work • Home • School

See near, far and everything in between with Acrobat LCD. It's our most flexible device for seeing at any distance. Use it up close like a mirror for applying make-up, shaving or other personal grooming. By simply rotating the camera you can magnify images in the distance. Use it to view presentations, paperwork, even crafts and hobbies. This complete system is ideal for work, school or home and is easily transported.

Acrobat Panel Features:

- Autofocus 3-in-1 camera for seeing yourself up close, reading and distance viewing
- Composite video output with optional plug and play USB2 and VGA
- Detachable camera for use at multiple work stations
- Memory setting for each camera position
- Compact size minimizes space needed on a table or desk
- 12" tilting monitor provides over 40x magnification
- Camera and monitor powered off a single 5+ hour user replaceable battery. Also included—single power supply to charge battery and power both the camera and monitor
- 7 viewing modes to optimize contrast & brightness (color, b/w, positive, negative, & 3 color select modes)
- Unique freeze frame, focus lock and line marker functionality
- Wrap around dual keypad allows easy access to controls
- Transport backpack included
- 2 year warranty
