# DaVinci

## All-in-One HD Video Magnifier with Text-to-Speech

DaVinci Sony® HD camera displays crystal clear images in vibrant color and contrast, resulting in the brightest white and deepest black. DaVinci's high resolution LCD produces maximum levels of picture detail for a clear, bold display. Large field of view allows you to see more on the screen.

Give your tired eyes a rest with our text-to-speech (OCR) feature. Let DaVinci read your favorite article or book aloud. Simply place your printed text under the DaVinci camera and press a button; DaVinci will begin reading what is on the screen within a few seconds. Choose a male or female voice and use the headphone port to enjoy this feature in private. Many different languages are available.

DaVinci can be used as a video magnifier to see near, far and everything in between. You may also use the self-viewing camera position, like a mirror, for applying make-up or other personal grooming tasks. With DaVinci, you'll have the freedom to read, write, view presentations, whiteboards, and work on crafts and hobbies at work, school or at home.

**Local Dealer:**

HD • Text-to-Speech (OCR) • 3-in-1 Cam

Camera rotates 360°

See near, far and everything in between.

*Easily pivot DaVinci's screen to provide a comfortable viewing position.*
