

Flipper

Just Point and See.

Work • Home • School

Near and distance viewing is made easy – at school, work, or home. Everything is within your reach with Flipper's innovative rotating camera. Connect Flipper to any TV or monitor, then roll and point at any object. With Flipper enjoy full-color auto focus magnification and multiple contrast options. With so many easy to use features Flipper is the ultimate in flexibility.

Flipper Features:

- Compact and fully portable
- Lightweight at just over 1 lb.
- True Color with auto focus
- 225 degree camera rotation to view images at any distance
- Distance, intermediate and near viewing
- 6 to 50x adjustable magnification
- Combine Flipper with a 12" battery operated LCD or connect to any TV
- Computer and laptop compatible (additional hardware required)
- 4 viewing modes to optimize contrast and brightness
- Combine Flipper with an optional stand to create a desktop magnifier

Flipper

“ Today I am able to work again with Flipper. The rotating camera enables me to perform daily tasks more effectively. By rotating the camera head, I can read, write and view the titles on the library aisles. ”

–Damien Utkewicz
